Hi Kim,

Thank you for the information, emails would help. Also, the departure time is 4PM so I am having to move the meetings, the listening session for the tribes will need to be from 1-230PM and the local/regional/non-profits will need to be from 245-345. I am working with Sue to adjust the tribal environmental program sessions, since there will be less time for those. The focus of the trip is to hear from the region about the proposed Pebble mine. So, I will not shorten the time for these sessions. The potluck may be more of a working lunch where the tribal environmental program sessions can be shared at that time.

Thanks! Tami
